¹The minor outlying islands and groups of islands consist of eight United States insular areas in the Pacific Ocean (Baker Island, Howland Island, Jarvis Island, Johnston Atoll, Kingman Reef, Midway Atoll, Palmyra Atoll, and Wake Atoll) and one in the Caribbean Sea (Navassa Island).

² Bonaire | Sint Eustatius | Saba | Curacao

³ Norfolk Island | Australian Antarctic Territory | Heard Island and McDonald Islands

⁴ French departments and territories in the Indian Ocean include Mayotte, Reunion, the French Southern Territories and other islands. French Southern Territories: Adélie Land (Terre Adélie) | Crozet Islands (Îles Crozet) | Kerguelen Islands (Archipel des Kerguelen) | Saint Paul and Amsterdam Islands (Îles Saint Paul et Amsterdam) | The Scattered Islands (Îles Éparses)

⁵ Chagos Archipelago and Diego Garcia

Inside Zone

Inside Zone Coverage - This coverage is extended to CHEMTREC customers who are shipping from a country listed in a zone to a country listed in the SAME zone. Registering for Inside Zone Coverage makes sense for your company if all of your shipments originate from countries in the same zone, and they are delivered to countries within that same zone.

*For example, shipments originating from the U.S. (**North America Zone**) that are delivered to Canada (**North America Zone**) require Inside Zone Coverage.*

North America (Inside Zone)

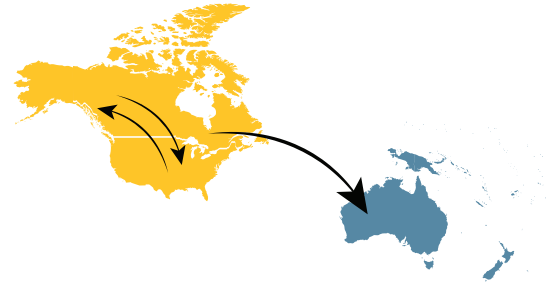

Outside Zone

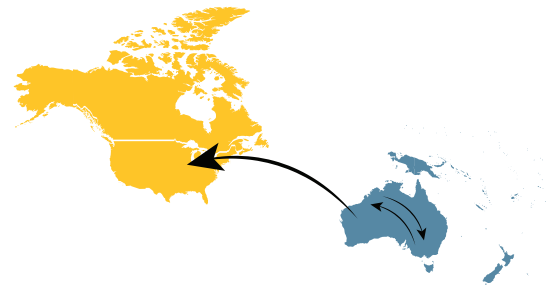

Outside Zone Coverage - This coverage is extended to CHEMTREC customers who are shipping from a country listed within a zone to another country listed in a DIFFERENT zone. All outside zone coverage also includes inside zone coverage for that region.

*For example, shipments originating from the U.S. that are delivered to Australia would require North America (**Outside Zone**) Coverage, while shipments from Australia back to the U.S. would then require the Oceania (**Outside Zone**) Coverage.*

North America (Outside Zone)

Oceania (Outside Zone)

Global Coverage

Registering for CHEMTREC's Global Coverage makes sense for your company if your shipments originate from countries in multiple zones around the world, and are delivered to countries in multiple zones. Global Coverage has no geographical limitations.

*For example, Global Coverage is the best option when you have **shipments originating from multiple zones**, such as the U.S. (Zone 1), Chile (Zone 2), and Australia (Zone 8), that **are delivered across multiple zones**, such as Canada (Zone 1), France (Zone 3), South Africa (Zone 6), and South Asia (Zone 9).*
