

Anyone who handles hazmat is required to have up-to-date hazardous materials training.

CHEMTREC's online hazmat courses are:

- ◆ Brought to you by the world's leader in hazmat emergency response
- ◆ Designed to meet hazmat regulation compliance and safety standards
- ◆ Created with exclusive training content specific to CHEMTREC customers

WHAT YOU WILL LEARN

- ◆ Hazardous materials and dangerous goods training for employees who handle hazmat
- ◆ Proper packaging methods to reduce liability and damages
- ◆ How to properly ship hazardous material packages
- ◆ How to reduce shipping costs through U.S. DOT exceptions

COURSE FEATURES

- ◆ A convenient online platform, allowing you to start, stop and resume at any time
- ◆ A fully interactive environment, with learning checks and a final exam
- ◆ Access to each course for a ninety day period to complete your training
- ◆ Certificate of completion for easy record keeping after successful completion of each course
- ◆ Administrative accounts available for bulk purchases
