

SDS Management

Simpler. Smarter. Safer.

A modern, centralized solution to access, organize, and manage your safety data sheets, so you can focus on what matters most.

Simplify Your SDS Management

Stop Chasing SDSs

Centralize your SDS library with fast search, QR code and mobile access.

Reduce Administrative Work

Streamline uploads, AI-assisted indexing, document organization, distribution, and Master SDS Library access.

Support Compliance Programs

Enable reporting, regulatory notifications, and GHS labeling.

Scale With Your Business

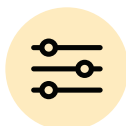

Support multiple locations with employee access, API and SSO integrations, and managed services.

One Library. Total Visibility

Access, organize, and maintain SDS information from a single source of truth.

Less Time Managing SDSs. More Time Managing Safety.

THE OLD WAY

- ✗ Binders
- ✗ Shared Folders
- ✗ Spreadsheets
- ✗ Email Requests
- ✗ Multiple Versions
- ✗ Inconsistent Access
- ✗ Repetitive Work

Which one is current?

A BETTER WAY

- ✓ Centralized Access
- ✓ Simplified Searches
- ✓ Organized Documents
- ✓ Greater Consistency
- ✓ Greater Visibility
- ✓ More Accessible
- ✓ More Time for Safety

Why SDS Management?

Organizations today face increasing pressure to:

- 1 Provide employees with **rapid access** to SDS information.
- 2 Maintain **accurate and organized** SDS libraries.
- 3 **Reduce administrative effort** associated with SDS management.
- 4 **Support regulatory and hazard communication** programs.
- 5 **Share** SDSs internally and externally.
- 6 **Scale processes** across multiple facilities and teams.

A safer, more compliant workplace depends on having the right chemical safety information available when and where it's needed.

Ready to Simplify SDS Management?

See how CHEMTREC SDS Management can help your organization improve SDS access, reduce administrative effort, and support your safety and compliance goals.
